OUR PASSION, YOUR HOME

Attention to detail is what distinguishes a Flagship home from other new builds.

We don't just construct distinctive, well-designed properties; we invest in quality materials. You'll notice the difference as soon as you walk up to the front door.

Inside, we make the best use of your available space. Well-fitted and quality specification kitchens and bathrooms, including en-suites, add a touch of luxury that everyone deserves.

And because we care for the environment, there's energy-efficient heating and attractive windows and doors that do a great job of keeping you warm in winter.

RURAL LIFE & CITY LIVING

For those who want the tranquillity of rural life but don't want to be too cut off, the attractive homes on the Printworks site have the best of both worlds.

Papworth Everard has a thriving village feel, yet it's calm because a bypass takes traffic around it. It's an idyllic and safe place to raise a family or settle into peaceful retirement.

While enjoying the clear country air, however, you'll know you're only a short distance from thriving hubs like Cambridge, with all its shopping and cultural attractions.

LOCATION & EXPLORATION

Papworth Everard sprung up around the ancient Roman highway that for centuries connected London to York. It became Ermine Street on what is now the A1198 – peacefully bypassed without a chariot in sight.

While retaining its village feel, the area supports light industry and businesses.

For leisure, there are glorious country walks to explore from your doorstep, lots of sports facilities, including playing fields, floodlit tennis courts, a bowling green and an open-air paddling pool. Groups include football, running and cycling clubs and an allotment association.

Around the village you'll find lots of amenities, including a primary school, pharmacy and doctors' surgery, vets, convenience store with a post office, chip shop and a library.
